

# At Last !

## Something New in Fuel Management !

Jigsaw Eclipse

“The Jigsaw Eclipse gives you LIVE fuelling information, when and where you want it, at an affordable price”.

### Reduced Cost Upgrade to Existing Systems ...

At a time when cost savings are vital, Jigsaw also offer a cost effective retrofit solution to many current systems.

Replace the door and enter a new generation of fuel management !.

Simple Retrofit to existing systems

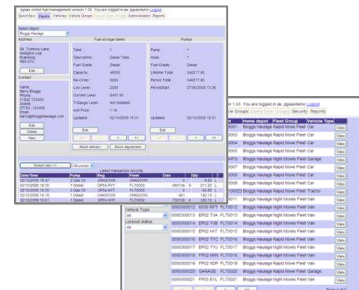

### Move From Once a Day to All the Time !

Because the system is linked directly from the fuel island to the web site, there is no need for daily polling – all information is updated as it happens.

#### Just Some of the Benefits :

- ⚙ All Fuelling Data displayed immediately on the Internet
- ⚙ Stock Figures are always current
- ⚙ Immediate Low Stock warnings
- ⚙ Immediate Notification of Pumps Disabled

Time makes a small problem into a crisis – stay on top with live information !

Web Based Reporting – Viewable Anywhere, Anytime !

### Live Information gives Enhanced Security

Because the system uses mobile phone technology, the terminal can send texts and e-mails directly to on site staff.

#### Just Some of the Benefits :

- ⚙ Immediate Notification of Attempted use of Blocked or Stolen Keys
- ⚙ Immediate Text Alarms raised on Tank Stock Theft
